Shimrin2® is the 2nd generation of the proven Shimrin® Basecoat technology introduced in 1982. Shimrin2® is the next generation of robust ground-breaking universal basecoats from House of Kolor. Through new polymers and innovative chemistry we are able to meet and exceed waterborne with a solvent based system and allow you the painter to create hundreds of easy to mix and use colors that are the most exciting, from the latest pearl technology. Shimrin2® basecoats are ultra productive, easy to apply, and range from Metallic Basecoats (BC), Pearl Basecoats (PBC), and Kandy Basecoats (KBC). Shimrin2® Basecoats are a three component system that consists of our S2 FX Karrier Bases, S2-FX Effect Pacs and RU Series Kosmic reducers. This New System is the Future of kustom painting available now, compliant through out the USA including California.

SOLID BASECOAT

House of Kolor has stepped up its game with the introduction of the Shimrin2® S2-25 and S2-26 Solid Basecoats. With a blacker Jet Black and whiter Brite White, The Best just got Better.

FX KARRIER BASE

S2-00 Trans Nebulae is the beginning of all Shimrin2® effects, making it the heart of the Shimrin2® product system. This diverse component of the S2 FX Karrier Base Series is used to create straight effects with no pigment, KBC Kandy Basecoats, tri-stage coats, and much more. Color styling is a breeze with S2 FX Karrier Bases S2-01 through S2-18. From classic favorites like Galaxy Gray, Solar Gold, and Planet Green to new trend setting colors like Eclipse Orange, Solar Flare Red, Lunar Yellow, and Mayan Magenta. These new FX Karrier Bases will have your jaws dropping with extreme clarity, Kandy-like micro grind of pigments, and full spectrum of color attributed to advanced manufacturing techniques, innovative chemistry, and robust polymer engineering.

FX METALUME®

The Shimrin2® Metalume® Series FX are as unique as they are brilliant. Using the finest aluminum flake technology, the Metalumes allow you the painter to choose virtually any finish you desire, from Satin to Super Bling, the Spectrum is there!

FX KOSAMENE®
